Profile Summary

Experienced Full Stack Web Developer with over 5 years of hands-on experience in designing, developing, and maintaining web applications. Proficient in both front-end and back-end technologies, with a strong foundation in JavaScript, React, Node.js, and database management. Passionate about building efficient, scalable, and user-friendly web solutions.

Technical Skills

Front-End:

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Redux, Angular.js
- Bootstrap, Tailwind CSS, SASS

Back-End:

- Node.js, Express.js, Django, Ruby on Rails
- RESTful APIs, GraphQL
- Database: MySQL, PostgreSQL, MongoDB

Tools & Platforms:

- Git, GitHub, GitLab
- Docker, Kubernetes
- AWS, Heroku, Netlify
- CI/CD (Jenkins, Travis CI)

Other:

- Agile & Scrum Methodologies
- Responsive Web Design
- Cross-Browser Compatibility

Professional Experience

Full Stack Web Developer | XYZ Tech Solutions | [Tokyo, Japan]

January 2021 – Present

- Led the development of a custom CRM solution using React, Node.js, and PostgreSQL, improving client management efficiency by 40%.
- Spearheaded the migration of legacy systems to modern web architectures, resulting in a 50% reduction in load times and enhanced security.
- Collaborated with cross-functional teams to design and implement a microservices-based architecture for a high-traffic e-commerce platform.
- Mentored junior developers and conducted code reviews, improving code quality and team performance.

Front-End Developer | ABC Web Agency | [Italy, France]

June 2018 – December 2020

- Developed responsive websites and web applications using React.js, HTML5, CSS3, and JavaScript.
- Optimized web pages for speed and scalability, achieving a 30% improvement in page load times.
- Worked closely with designers to translate wireframes and prototypes into interactive web experiences.
- Integrated third-party APIs and services, enhancing the functionality and user experience of client projects.

Junior Web Developer | Tech Innovators Inc. | [Florida, USA]

July 2016 – May 2018

- Assisted in the development of client-side components for various web applications using Angular.js and Bootstrap.
- Wrote unit tests and participated in debugging sessions, reducing bugs by 25% in production releases.
- Supported the back-end team with database queries and API integrations.

Education

Bachelor of Science in Computer Science

University of [Boston University], [USA]

Graduated: May 2016
